

LAST DAY

Tomorrow is your very last chance to see the Hoosier Kitchen Cabinet Gold Medal Demonstration that attracted so much attention at the Panama-Pacific Exposition in San Francisco last year.

More interesting, more entertaining, more valuable to every up-to-date housekeeper than a lecture on domestic science.

Scores of your neighbors have seen this demonstration at our store this week and learned how to cut their kitchen work in two.

After Today--Which Will You Do?

Remember, there are Hoosiers for farms, camps, apartments, big and little kitchens, for window spaces and the center of big kitchens. No further need for old-fashioned, built-in, uncleanable cupboards.

The Hoosier is a wonderful kitchen machine that revolutionizes kitchen work. Come, see exactly how it operates—see how it excels all other cabinets made. Remember, you need buy this cabinet only once in a lifetime. So that every day you delay having us deliver your Hoosier you are making yourself do unnecessary work, waste energy, time and steps.

The Panama-Pacific judges awarded the Highest Honor and Gold Medal to Hoosier because of its Superior Construction and Unrivalled Convenience.

Hoosier's Shaker Flour Sifter makes flour fluffy and light; works faster than most sifters; avoids grit or broken wire; can't wear out.

Hoosier's Double-Acting Sugar Bin is the only bin from which sugar can be taken with equal ease from top or bottom. It has three times the capacity of most bins.

These are only two of the many prize-winning features. Come, see them all demonstrated at our store to-morrow. Please come in the morning, if possible—for the Saturday crowd on this last day will tax our facilities in the afternoon.

To the Woman Who Cannot Afford to Make a Mistake

Quality is very important to the woman whose new Suit or Coat is to be worn a whole season, or possibly two or more.

Not only is the wearing quality of the fabric important, but expert workmanship in tailoring. Naturally, designers and tailors who are the most careful as to quality may also be depended upon for charming, correct style.

Every garment is marked with the "Daylight" label. IT SERVES A DOUBLE PURPOSE in protecting you. It assures correct style, design, and also is a guarantee to you as to the quality and service of the garment.

These are all points of great importance to the woman who cannot afford to make a mistake. You will pay no more for these garments than for others, and, whatever garment you choose, you'll find the price moderate.

Spring Suits and Coats

We are now in position to show you an extra large line of the new spring Suits and Coats. Never were we able to show you so early in the season so complete a line of the new things.

We bought early and heavier than usual, in order to protect our trade against the advance in price which is sure to come later. Then, too, later it is going to be hard to get the good materials.

The new Suits are very attractive, and the designs and styles are entirely different and new. The Coats have the new flare to the skirt part, and the loose, straight lines give them a grace and style that is sure to please. These we are showing at the popular prices of the season.

The Separate Coat line is complete in style and quality, and the large showing of different models is sure to please all who are looking for the season's best. We are anxious to show you the line.

Silk and Wool Dresses

Every day now brings new Dress models into our department. We will be able to show you the largest line of Afternoon, Street and Evening Dresses that we ever displayed and in a large variety of different models, that are the very latest models.

Messalines, Taffetas, and Wool and Taffeta Combination Dresses will be among the leading materials.

See our special value in a Silk Dress at only \$10.00. These are made in the season's best designs.

See our tasty Evening and Party Dresses at medium prices. We are now carrying a line of Maternity Dresses that are made in styles that are very attractive.

Wash Goods

Our line of Wash Goods is away ahead of our advertising on this line. We cannot tell you half plainly enough just how nice a line we have. After going over the New York market this week, we are very much pleased with our early selections.

Wish that we could take every one of our customers over the large markets. You could then see conditions as we see them—could see what is coming in a very few weeks, that you, here at home, can hardly realize.

When we say plan early purchases, we mean just what we say. If you were in New York, you would know now. Here in Vermont, where we have anticipated conditions, you can buy at old prices. Very soon we, too, will have to take our turn.

Wash Goods

New and popular kinds to see right now at the following prices:

Winner Voiles, assorted styles, at 12½c—no more at this price.

Burton Brothers' Reception Voiles in new designs, at 25c.

New Satin-Striped Voiles—the very latest—at 25c.

Rice Cloth and Seed Voiles are very good.

Silk Poplin at \$1.00 is one of our very best.

Satin-Striped Pink and Light Blue Voiles, another new cloth, 40 inches wide, at 75c per yard.

All colors in Silk Crepes. These are very big sellers. At the price, 50c, they are very cheap.

Our line of Waists is now ready for your inspection. The new Wash Silk Waist in Striped Silk and Plain White is of the season's best, and the prices are not more than last season. We bought them early, before the advance in Silks, thus protecting our customers on models and qualities that will be the season's best. See our values in Voile and Muslin Waists.
